Lily walked in the street. What happened in the end? Look at the pictures and finish the story in **not less than 50 words**.

Lily walked in the street and looked in the toy shop window. She saw a doll.
It was fifty dollars. She wanted to buy it, 'Wow! This doll is very beautiful!'
Lily thought.

She took out her purse but she didn't have any money! She was very
disappointed. 'What should I do ?' Lily cried.

Suddenly, she found fifty dollars on the ground. Lily was full of joy. She could buy the doll then. However, there was a child saying, 'I dropped my money here. Where is the money?' He was afraid and upset.

Lily hid the money and went to the toy shop. Unluckily, the boy saw that. He yelled, 'Hey! This is my money!' Lily was scared. 'Sorry!' She said, 'Here is your money.' I will be honest now.
