**A New Festival**

Name: Chu Wing Yan

Class: P.6

**Write about a new festival in not less than 80 words.**

Student's Day

Student's Day is on 2<sup>nd</sup> March. It lasts for a day.

On Student's Day, students have to go to school. However, students do not need to do homework. Students don't have to hand in their homework on that day.

If students go to a fast food shop to eat or travel by MTR, they will enjoy 80% discount. Students must wear their school uniforms to get the discount. Students can do any kind of activities they like at school. They can join different clubs too.

We celebrate Student's Day because students have a lot of pressure at school.

Students can be relaxed on that day.
