

MY FIRST DAY AS A PREFECT

20th September, 2023

Hot and cloudy

Today was my first day to be a prefect. I saw some naughty pupils at school.

At the first recess, I was in 3A classroom. I saw a tall boy and a little girl. The tall boy jeered at the little girl, "You got low marks and your face just like a monster!" After that, the girl cried loudly. I stopped them and said, "You should not jeer at the others, they will feel upset!" Then, I told their class teacher what naughty things the boy did. I felt overjoyed.

At the second recess, I was in the toilet and saw some big boys playing noisily. I said angrily, "The toilet is not a place for you to play." They replied rudely, "Shut up, bad prefect!" I felt cross. So I wrote their names on the record book and told Mr Ho.

I think being a prefect is not an easy job. It is tiring.
