

So Yat Tung (Krystal)

Primary 6

My dream job

I want to be a social worker when I grow up because I can listen to and help people who suffer from their problems. If I can help them, I will feel accomplished.

Social workers need to be caring and patient so that they can help and listen to people. They also need to be understanding and helpful.

I need to study more about social work so that I can become a good social worker. I think this job is suitable for me because I am caring and patient. I am understanding and helpful too.

I hope I can be a social worker some day.
