1. What do you think about Malala?

2. What impresses you most about Malala? Why?

Malala's bravery and perseverance impress me most. Malala was very brave. She was not afraid of death when the mask gunman shot her on the left side of her head. She showed no fear to the Taliban either. She had great perseverance. She continued to speak in front of people and fight for the opportunity for girls to learn even when she got a serious head shot and almost died.
