6. 生活點滴

In this training, we played some games and improved our team spirit. Our group teacher was very good and nice. He taught us to reflect so that we could play well in the games.

☆☆☆ 非常好!  
EXCELLENT!

The most important thing is that I think we have a new view on team spirit in the training. The teacher said, 'Team spirit is like a glutinous rice chicken. It needs different materials and fillings. Otherwise, it will be difficult to become yummy.' 相信自己
